

REMARKS

Claims 1 through 33 are in this application and are presented for consideration. Claim 33 has been added.

Applicant hereby elects species I of figure 1 for further prosecution should no generic claim be finally held to be allowable. Species I corresponds to claims 1 through 11 and 15 through 33. Claims 1, 4 through 8, 11, 17 through 24 and 26 through 33 are considered to be generic. New claim 33, added with this amendment, is considered to be generic and corresponds to species I.

Applicant thanks the Examiner for recognizing that many claims while not generic to all species, still cover more than one species.

If the Examiner has any comments or suggestions which would further favorable prosecution of this application, the Examiner is invited to contact applicant's representative by telephone to discuss possible changes.

Favorable action on the merits of this application is respectfully requested.

Respectfully submitted
for Applicant,
